PREVENT FIRES
IN OUR WORKPLACE

SWITCH-OFF
Unplug non-essential electrical equipment when not in use. Phone chargers have been linked to many outbreaks of fires.

STORE FLAMMABLE MATERIALS SAFELY
Keep combustable objects and flammable materials away from energy and heat sources.

PUT OUT CIGARETTE BUTTS
Never leave smoldering cigarette butts in smoking areas.

BE KNOWLEDGABLE IN FIRE SAFETY
Be sure you are trained in fire safety and stay up to date on training requirements.

KNOW EMERGENCY PROCEDURES
Make sure you know your workplace safety plans and emergency procedures.
